

BOIL WATER RESCIND NOTICE

(08/13/22)

Issued by the City of Ranger Water Department

On 08/13/2022, the Texas Commission on Environmental Quality (TCEQ) required our public water system, Ranger Water System, PWS ID 0670004, to issue a Boil Water Notice to notify the affected customers in our system due to a water main break on S. Marston at Pine St. that occurred in the water system and a loss of system water pressure, water must be boiled prior to consumption.

Our system has taken the necessary corrective actions to restore adequate pressure, disinfectant levels, and bacteriological quality and has provided TCEQ with testing results that indicate that the water no longer requires boiling as of 08/13/2022.

If you have questions regarding this matter, you may contact the City of Ranger or Andrew Lopez at 254-647-3522.

If a customer wishes to reach TCEQ, they may call 512-239-4691.
